

## Logrea Dance Academy

offers the highest quality ballet, jazz, tap, hip-hop and modern training in a supportive, professional environment.

Our International faculty teaches a well-crafted curriculum

that instills poise, musicality, strength, and flexibility in the student who pursues dance for sheer enjoyment as well as the young dancer with professional aspirations. Students build confidence and acquire a lifelong appreciation of dance, music, and theater. The focus and maturity developed during classes and rehearsals can lead the student to improved study habits and greater agility in games and sports.

Bring the JOY of dance into the lives of your students

share the beauty of the Ballet.

## HIGHLIGHTS OF OUR PROGRAM

Your students will be introduced to our studio space and equipment – mirrors, barre, special flooring, music, and of course, pointe shoes. They'll see and touch "tulle"— that special fabric that turns all young ballerinas into sylphs and fairies onstage.

The class will be treated to a half-hour performance by members of the Westchester Ballet Company, a semiprofessional local company, (featuring excerpts from our annual spring performance.)

After the dance presentation, all children age 3 and up will be given a half-hour class in creative movement taught by the Director of our Elementary Dance Program, who has training in early childhood development and many years of experience teaching dance at the preschool level.

As a souvenir of their visit, each child will receive a picture from a famous ballet that they can take home and color, along with a brochure about our dance academy.
