

Logrea Dance Academy

SAFE DANCING in the STUDIO

GET READY AT HOME
Arrive dressed for class; use the bathroom at home; bring a dance bag for ALL belongings

Parents will drop off at the entrance and will not be permitted to enter the studio

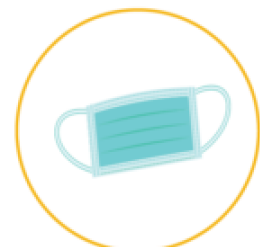

Temperature checks will be taken on all dancers and staff upon arrival

A strict policy will be enforced for dancers & staff - anyone with a fever of 100° or more will not be allowed to enter the building

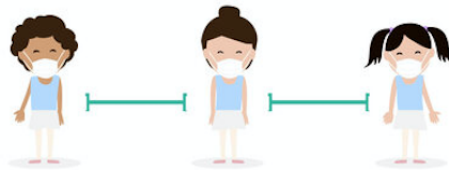

All dancers and staff will use hand sanitizer upon arrival and during every transition

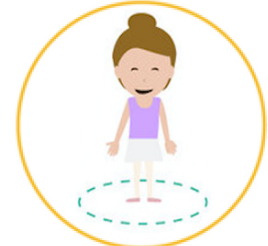

Faculty, staff & dancers will be required to wear a mask at all times on the premises

Walk directly to the studio where your class is being held.

Find a mark on the barre, which spaces each student 6' apart and put your dance bag there

Stay in your space at the barre, or in the space you are placed by the teacher in the center of the room

The barres and other surfaces will be sanitized in between each class

At the end of class, take your dance bag and leave the premises or go to your next classroom

The premises will be thoroughly cleaned at the beginning or end of each day
